

Take Control of Your Postage Expenses

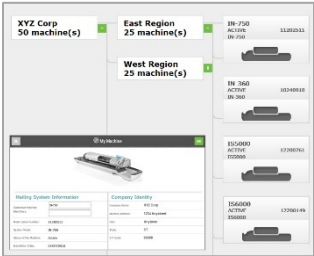

How it Works

- Your postage meters collect mailing activity data as they process your mail including:
 - Operator, date, account/department, # pieces, mail class/service, weight, postage \$
- Mailing data from each of your meters is auto-uploaded to your online portal and consolidated
- Simply log in from your web browser to:
 - View activity history & statistics for the last 2 years
 - Create & customize easy-to-read graphical reports
 - Share reports in friendly formats like spreadsheets

Powerful Reporting

- 30 reports available in trend or detail formats
- Standard and user-defined time periods
- Combination reports (e.g. departmental spending and volume by mail class)
