DURABRITE PRO INK

CONNECTIVITY OPTIONS

OPTIONAL ACCESSORIES

DuraBrite® Pro Ink

The Epson DURABRite Pro Ink is engineered for affordable, high-volume printing applications. The fast-drying pigment ink is designed to deliver sharp text and brigher colors for professional-quality results.

WorkForce Enterprise Series

WorkForce Enterprise WF-C21000

- Color & monochrome printing
- Print speeds up to 100 ppm (Color / Mono)[†]
- Optional Finishing Capabilities: Stapling, Stacking, Hole Punch and Booklet Making

Configure Options

WorkForce Enterprise WF-C20750

- Color & monochrome printing
- Print speeds up to 75 ppm (Color / Mono)[†]
- Optional Finishing Capabilities: Stapling, Stacking, Hole Punch and Booklet Making

Configure Options

WorkForce Enterprise WF-C20600

- Color & monochrome printing
- Print speeds up to 60 ppm (Color / Mono)[†]
- Optional Finishing Capabilities: Stapling, Stacking, Hole Punch and Booklet Making

WorkForce Enterprise WF-M21000

- Monochrome printing only
- Print speeds up to 100 ppm (Mono)[†]
- Optional Finishing Capabilities: Stapling, Stacking, Hole Punch and Booklet Making

PRECISIONCORE

Epson Business Inkjet Advantage

See what makes Epson Business Inkjet the best choice for productivity.

HEAT-FREE TECHNOLOGY HIGH QUALITY HIGH PRODUCTIVITY INKJET VS. LASER
PrecisionCore Heat-Free TechnologyTM

Epson sets the standard with PrecisionCore Heat-Free Technology[™], designed to help reduce maintenance and minimize waste.

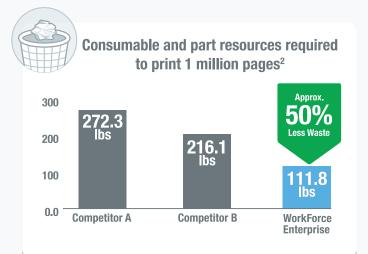

Lowest Power Consumption in its Class¹

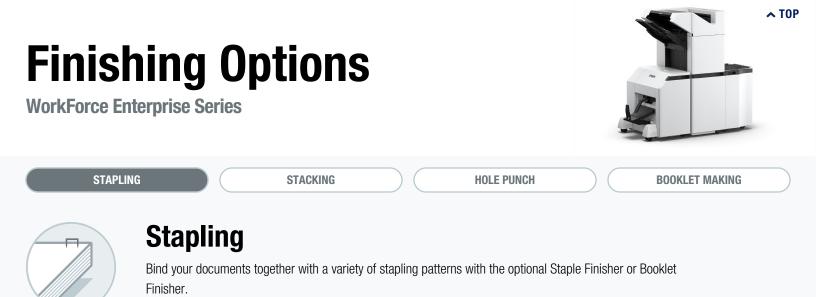

- Reduces power consumption by eliminating heat from the ink ejection process.
- Practically no warm-up time requires to start printing.

Reduce Waste

- Designed with few maintenance parts, which can result in less waste.
- High-yield consumables allow for more printing with less waste.

Epson Business Solutions

Epson is a leading provider of innovative technology solutions that help businesses succeed. We partner with you to best meet your specific needs, focusing on:

- Improved productivity
- World-class customer service and support
- Cost-effective, high-quality solutions
- A commitment to the environment

Discover how Epson can help you work toward the future. www.epson.com/forbusiness

† I Black and color print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on factors including system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed 1 | Compared to similarly featured color multifunction printers with speeds of 45 ppm or greater based on industry available data, October 2019. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed 2 | Testing conducted by BLI as commissioned by Epson on May 2018. Two comparison models were selected from color laser multi-function printers in the 65-70ppm class. Calculations were based on the frequency and volume of consumables and replacement parts required to print 1 million pages (ISO/IEC 24712 test pattern) over a period of 5 years. 3 | Actual finisher speeds may vary depending on print environment and number of sheets being finished. 4 | Compared to similarly featured color multifunction printers with speeds of 45 ppm or greater based on industry available data, October 2019. Actual power savings will vary by product model and usage 5 | Not all media types are supported for PCL printing.
